

Thank you for uniting for a worthy cause!

SSLSD Community has always risen to the occasion whenever our motherland was hit by disaster. Accordingly, we invited the Sri Lankan community in Doha to make some contribution in their capacity to bring hope to thousands of families devastated by recent floods.

Your generous contributions have enabled us to raise a sum of QR 32,658 and it is still growing. The money collected will be used for developing Ihala Welgama Kanishta Vidyalaya in Mathugama, a school situated in an area severely affected by floods. As an educational institute that values sharing knowledge and caring for humanity, we believe the best way to uplift the children who have faced a tragic situation is to rebuild their school. The above school was selected after a careful study of the information and evidence received from many reliable resources.

We will spend the money collected on:

- Renovating the school buildings
- Buying new equipment for the office
- Buying new equipment for the IT lab
- Buying stationary for school children
- Buying new clothes, bags and shoes for the children
- By conducting a Medical camp

Once again, we extend our heart-felt gratitude to all those who contributed to this worthy cause and we invite you to share the joy of doing our duty to the motherland in this hour of need. Following is the detailed schedule of the program which will be personally supervised on site by Chairman Mr. Kumudu Fonseka.

Date	Activity
04 th June to 08 th June	Cleaning, Renovating and Painting the school buildings
09 th June	Religious Ceremony
