

21th November 2016

AC/MR/2016/2017/222

Dear Parent,

My Language Programme-2016/2017

We are proud to announce that Stafford will commence its fourth successful My Language Programme at the beginning of December 2016. Our children were found to have achieved excellent standards in their mother tongue through this programme.

This is an additional school service which provides students with a better opportunity to become proficient in their mother tongue. The languages included in the programme are Sinhala and Tamil. Given below are details for your perusal:

The target group of this programme will be

- Children of Stafford Sri Lankan School Doha.
- Children outside SSLSD.

The objective of this programme is to improve language skills and acquire knowledge about the mother tongue outside the curriculum.

Course duration: The programme will be conducted in three to four months crash courses which will enable children to obtain minimum proficiency in the language to follow the next stage. These courses will be continued throughout the year to achieve mastery over their respective mother tongue.

These courses will be conducted in several stages. The students will be placed in the appropriate stage after the placement test.

Certification

A certificate of merit will be awarded on successful completion of each course by the Language Unit/Department of SSLSD.

Fees Structure

- Qr. 450/= per student for the course
- For children of SSLSD the course fee will be Qr. 250/=

Deadline for registration

All applicants will be accepted until **30th November 2016**. Please fill in the attached slip and hand it over to the Accounts department along with the fees.

The courses will commence on **Saturday, 3rd December 2016**.

The time schedule will be arranged accordingly to avoid clashes with ESOL and LAMDA courses for the convenience of children who wish to follow all courses.

Let's ensure success and a bright future for your child.

Thank you,

Principal
